

Glenlyon Norfolk School takes a holistic and student-centered approach to university preparation, ensuring that each student is well-equipped for academic success and personal growth as they transition to higher education.

The Journey

With three full-time advisors, our University Guidance team begins working with students in Grade 9 to help students curate their personal list of the post-secondary institutions that would best match their passions, personalities and plans for the future. Graduates receive offers from institutions around the world and pursue studies in everything from business, engineering and sciences, to theatre, kinesiology and culinary arts.

Recognizing that post-secondary planning is a collective process involving the school, the individual student and their family, our advisors strive to keep all parties informed about opportunities and application deadlines as they arise. Throughout the year, they schedule visits from university representatives from around the world to meet with Senior School students to answer questions or provide information about specific programs.
